Optional inquiry labs on Oct 14 & Dec 1, 2026

How it Works

1

MyWorldView® Profile

Take MyWorldView for yourself. The digital debrief will explore how you have profiled, and you'll begin to see how you might use the profile in your coaching practice or organization.

2

Individual Learning

Through our self-paced Solo learning, you'll access video, articles and key information about MWV and vertical development. You'll also use the digital Transformation Cards, and receive a **free MWV** to practice with a friend or client. You will need to submit one-page of reflections on that coaching conversation in order to certify.

3

Workshops

6 x 2.5 hours highly interactive webinars. The sessions are an introduction to vertical development theory and provide an overview of the seven worldviews. Emphasizing practice, they also explore application in coaching / teams, leadership development programs and organizational culture. Between sessions 5 & 6, there is space for practicing with other participants, and with a client. Session 6 picks up on this practice, and offers further insights for application.

4

Inquiry Labs & Practice Group

2 x optional 1-hour facilitated inquiry labs to allow space for reflection and questions. You will also be put in small Practice Groups to self-organize an additional meeting between sessions 5 & 6 to enable you to practice how to have a coaching conversation using MWV. You'll have space to practice action-inquiry with others as you digest the program content together.
